VESSEL'S NAME

Ferro-Concrete Tug "CRETECABLE" Rpt.

Lon.

No 83591

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement." - Extract from Sub-Committee's Report, 24/5/92.)

Nature of Survey

The London Surveyors report that some damage sustained to bulwarks etc. through collision has been repaired.

It is submitted the vessel appears worthy to remain as classed without record of survey as recommended.
