Survey Due

Boiler Survey due 5-39
Screwshaft Survey due 5-39 (limit expired 5-39)

Action was deferred in May last following the Owners' statement that the above surveys would be held in about a month from that date.

In November it was stated that the Boiler Survey would be carried out during that month and the tailshaft drawn when the vessel next drydocked, about the end of this year.

It is now learned that this vessel has been requisitioned by the Admiralty for an indefinite period.

Submitted action be deferred.
