Surveyor to Lloyds Register.

East London.

Dear Sir,

Report on S.S."VALDIVIA". 5th October 1908.

We the undersigned beg to point out to you that in connection with the above report, an important omission has been made, viz that which deals with the ordering of Tug and Salvage plant from Durban.

The full facts were, that the position being extremely serious and the acting representative of Lloyds Agent not being in Town he could not be consulted, but the action of the Representative of the ship and cargo in ordering the above was approved of by him the following morning when the matter was fully laid before him.

The Report has only been handed to us this morning so that we have taken the very earliest opportunity to acquaint you of the omission.

Your faithfully,
