Messrs Lloyds Surveyors.

WEST HARTLEPOOL.

Dear Sirs.

S.S. "SPIRAL". As you are aware this steamer is now in Gray's dry dock repairing under your supervision, & we are doing everything you require for classification in your Register.

We have been informed that if the boat was classed with you & appeared in your Register, we would be able to get her insured with Lloyds Policies more favourably than otherwise.

Would you oblige us with some documentary evidence to put before our insurance brokers in London, to show that we are classing her with you; such would be of much assistance to us.

As we expect the repairs will be completed by the end of the month, it is necessary to get on with our insurance negotiations so that no time is lost.

We would therefore appreciate your prompt attention, & await the favour of your esteemed news.

Yours faithfully.

E. A. Casper Edgar & Co
