Dear Sirs,

E.

With reference to Mr. Stuart's letter of yesterday's date respecting the case of the S.S. "SPIRAL", I have to acquaint you that it is desirable that a boiler plan should be submitted and also the sizes of the shafting. If, however, no plan is available, you should obtain all the particulars required on a first entry report from actual measurements of the boilers.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

WEST HARTLEPOOL.
