Received from Chief Ship Surveyor .....

VESSEL'S NAME .....

RETRIEVER

Rpt. ....

Alx.

No. 2059

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32).

Nature of Survey .....

GROUNDING.

This vessel is reported by the

Alexandria

Surveyor

to have been examined as far as practicable afloat and by a Diver, after

*Soundings taken*  
grounding, and so far as could be seen no damage appears to have been  
*but slight leakage controlled by ship's pumps found in No 1 d.b. tank*  
sustained, The Surveyor however recommends that *the vessel be*

*dry docked at the earliest convenient opportunity for repairs to*  
*loosening shell rivets in way of No 1 d.b. tank*

It is submitted *action be deferred*

*Insert in S.R.L. Dry docking (grounding) and repairs*  
*at earliest convenient opportunity*
