Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.

9th November, 1916.

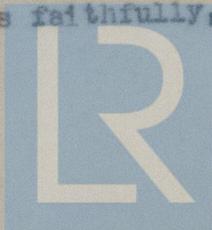

SIR,

I duly received Mr. Cox's letter of the 18th ultimo
being a copy of one addressed to Messrs. J.F. Guthrie
of Seattle, respecting five new Steel Screw Steamers
to be built by them, and in reply thereto I have
to inform you that provided a satisfactory report be received
on completion, the vessels will be eligible to be classed
subject to a letter being received from the Owners
and a notation being made in the Register Book in regard
to omission of the intermediate bulkheads in the forward
after holds.

The plans of sternframe and cargo hatches for these
ships have come to hand, and it is noted that copies of
remaining plans will be forwarded in due course.

I am, Dear Sir,

Yours faithfully,
