page 34 and reads as follows, viz:-

"In all cases of vessels built under special  
"survey, the date of the completion of such  
"survey will be taken as the date of build of  
"the vessel, provided the survey be completed  
"within six months of the date of launching;  
"but, when the special survey is not completed  
"within that period, the date of build will  
"be taken as six months after the date of  
"launching."

With a view, however, to meeting your desires  
as far as possible, the Committee have decided that in  
the circumstances which you have brought to their notice  
the date of build may be altered to May 1904, i.e. six  
months after the date of launching provided the vessel be  
**now** surveyed by the Society's Surveyors and be favourably  
reported upon.

I understand that the vessel is about to dock  
on the Tyne and I have written to the Society's Surveyors  
at Newcastle to give their attention to the matter.

I am, Dear Sirs,

Yours faithfully,

Messrs. The Bucknall Steamship  
Lines Lim.,  
23, Leadenhall Street,

E. C.

Secretary.
