B. 1. 1. 1.
1871.
Thomas J. Taylor.

the Owners Representative, examining the propeller and its
condition of the steel screw propeller "War Eagle" 241 tons
(gross weight) of London, which was found in Barry Dock
on the 1st August 1918 in connection with the damage
done to the ship by the explosion of the propeller while
berthing steamer in Barry Dock on the 1st August 1918.

For further particulars see log book.

Recommended the vessel be allowed to proceed to be
examined.

Found about 18" broken off tip of one propeller blade.

Found fitted on stern post, and in position of propeller.

For 12.3.0.
