Mess^{rs} Vander Kuyb's tug "Maas" (Yard No. 328)

It is submitted the proposed stockless
bower anchors weighing $\overline{7.1.21}$ & $\overline{5.2.21}$ respectively merit
approval, these weights being in excess of the weights of
the ordinary anchors given in the Table plus the weight of
an ordinary stock.

It is noted the 3rd Anchor will be supplied of the
ordinary type 3 cwt ex stock as per Table 22 and that
135 fms $1\frac{1}{16}$ " Stud link chain will be supplied.
