

inspected by Chief Ship Surveyor

Received from Chief Ship Surveyor

VESSEL'S NAME

Steel S.S. "VICTORIEUX"

Rpt.

Prot.

No. 11332

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/82.)

Nature of Survey

First Entry.

Before this case receives consideration the Surveyors should be requested to state whether all new work in way of damage is in accordance with approved plans showing proposed new scantlings, if the transverse legs to shell are doubled for three and four spaces above tank top as approved. They should also state size of face bars on transverse beams or whether the scantlings of tunnel were found satisfactory.
