27th. July, 1918.

Dear Sir ,

With reference to the classification in this Society's Register Book of your steamer "PORTUGAL", I beg to acquaint you that the Committee have now had before them a report received from the Society's Surveyors at Newport, from which it appears that a special examination of the vessel has been made afloat. In the circumstances the Committee have deferred action in the matter in regard to the Special Survey No.2, and have assigned a notation of "Examined 7.18".

I may add that the Surveyors state that several hatch beam lugs in the 'tween deck hatchways require to be repaired, and that your Superintendent stated that this would be done at the first opportunity.

I am, Dear Sir ,

Yours faithfully,

Secretary.

Armement Adolf Deppe, Esq.,
7, Calandstraat,
ROTTERDAM.
