Dear Sirs,

In reply to your favour of 3rd June addressed to Armement A. Deppe Rotterdam, I beg to inform you that S.S. " Portugal " will return shortly to the Bristol Channel, probably Newport, to load.

In view of existing difficulties, the Owners would esteem it a favour if you would agree to postpone the Special Survey No. 2 which is due and in lieu thereof have her generally examined.

I understand that Main & Auxilliary Engines, Main & Donkey Boilers have all passed the above Survey when the Vessel was in Hull February-March 1918.

I remain, Dear Sirs,

Yours faithfully,

H. M. M. M.
