

Lloyd's Register of Shipping.

Port Manchester.

November 5th 1917.

A. A. A. Chalmers This is to Certify that

the undersigned Surveyor to this Society did, at the request of

The British Admiralty, attend at the workshops of Messrs. Crossley Brothers of Openshaw, Manchester on March 12th and subsequent dates 1917 for the purpose of inspecting, during construction, portions of the Machinery intended to be fitted on board the "Mersey" class Admiralty Trawler being built by Messrs. Lochrane & Co of Selby their Ship N^o being 821 and Eng. N^o C 16.

The main Engines & pumps driven by them together with the Screw & intermediate shafts, Thrust block & stern tube have been well constructed in accordance with the plans & specification, the material used having been satisfactorily tested to the rule requirements of Lloyd's Register of Shipping.

A. A. A. Chalmers.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or entry issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of omission, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
