Survey due Boiler survey due March '16  
1.1.16 .2 due April '16

In June last the Hull Surveyors stated they had been informed by the Superintendent Engineer that the above surveys would be carried out before the middle of this month and the Committee agreed to this proposal.

The Owners now write that on account of Admiralty work at Hull they are unable to obtain a dry dock for the steamer and they will be obliged if the Committee will allow them to postpone the surveys for a further three months in order that the hull and machinery may be submitted to inspection at the same time.

Submitted for approval.  
and, as regards boiler survey, for consideration
