I beg to acquaint you that the Steamer "RIEVANLX ABBEY", is
nt in this port, and on enquiry from the Superintendent
, regarding the Boiler Survey, which was due 3.16 he stated
was very inconvenient to stop the ship for some time in order
out this survey, as she is carrying fruit and perishable

The Superintendent Engineer, however, states that the necessary

With reference to these boilers, I may state that in January
of the furnaces were jacked up and the boilers partly
l, and found in good condition, see Hull report No. 29091,
my opinion the owners request to postpone the survey merits
surable consideration of the Committee.

I am, Dear Sir,

Yours faithfully,
