The 2nd Special Survey No.3 became due 7,39 and the year of grace has been granted.

The class is subject to riveting in No.1 keel plate and A2(p & s) being permanently dealt with at the Special Survey.

In December last the Rotterdam Surveyors reported a further general examination held and numerous repairs effected on account of heavy weather and wear and tear.

The Owners now state that the vessel is trading for the Anglo-Saxon Petroleum Co., but after July, 1940 she will enter the "Scheeme" for the British Government and they desire a further extension of 12 months from the above date.

In view of the extensive nature of the repairs effected in December last, it is submitted the Rotterdam Surveyors be asked to state if, in their opinion, a postponement of 12 months from the date of their examination might be granted.
