4th June, 1914.

Dear Mr. Martell,

I am much obliged for your note of yesterday confirming our conversation on the telephone.

As you say, it was very difficult to understand exactly what was said, and I was somewhat relieved to have your wire that the Builders and Engineers consented to the Certificates for the "MELANIA" being handed direct to the Owners, and this was done within a few minutes of our conversation.

With kindest regards,

Yours faithfully,

R.H. Martell, Esq.,

MIDDLESBROUGH.
