Barge "POLLY BRIDGE". Messrs. Scarr & Sons No. 270 vessel.  
Equipment letter C.

The equipment approved for this vessel is as follows:-

- 2 bower anchors each weighing 5 cwts ex stock or 6 $\frac{1}{4}$  cwts inc. stock
- 1 stream " " 1 $\frac{1}{2}$  " " " " 1cwt 3qr 14lbs "
- 1 kedje " "  $\frac{3}{4}$  " " " " 3 qrs 21 lbs "
- 135 fathoms of 15/16" chain cable
- 45 fathoms of 8/16" stream chain (Rule weight 7 cwts 1 qr.)

A letter has now been received from the Hull Surveyors in which they state that the first bower anchor is 6 lbs, the second bower anchor 12 lbs, the stream anchor 18 lbs, and the stream chain 28 lbs less in weight than required, if the weights of the anchors are taken ex stock.

If, however, the weights of the stocks are included the first bower anchor is 8 lbs less in weight than required, the second bower also 8 lbs less and the stream anchor 2 lbs less than required.

The Surveyors also forward a letter received from the Owners stating that they leave the matter in the hands of the Committee.

It is submitted for the consideration of the Committee whether in the circumstances the equipment of anchors and stream chain might be accepted in this instance.
