17th February, 1914.

Gentlemen,

I have to acquaint you that from a first entry report received from the Society's Surveyors at Hull it appears that the steel screw steamer "OKINO", built by Messrs. Cochrane & Sons, Ltd., (Yard No. 590) has proceeded to your port.

To complete the survey on the hull an anchor (2nd Anchor) of proper weight and test requires to be supplied, and I shall be glad if you will be so good as to give the case the necessary attention and forward a report on Form 8 for the information of the Committee with a view to the classification of the vessel.

I am, Gentlemen,

Your obedient servant,

Secretary.

The Surveyors,

GRIMSBY.
