9th January 1914.

Gentlemen,

With reference to Mr. Wilson's letter of the 3rd instant respecting the anchors supplied to the S.S. No. 590 now being built by Messrs. Cochrane & Sons, I have to inform you that in view of the deficiency in the weight of the cast steel head of the second stockless anchor, the same cannot be approved for the figure 1, and should be replaced by one of proper weight and test.

The plans and test certificates forwarded for reference are returned herewith.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

HULL.
