

I HEREBY CERTIFY that I have made final survey of damage repairs to the steam Trawler "ONWARD HO", and find that all recommendations made by me in Report of Survey on that vessel dated Vancouver, July 24th, 1914, have been carried out and completed to my satisfaction, and she now in my opinion is in as good condition as previous to the recent accident and fit for the service in which she is engaged.

J. G. Mitchell

Surveyer.

Vancouver, August 15th, 1914.
