# Lloyd's Register of British & Foreign Shipping.

## QUERY FORM.

London,

17<sup>th</sup> March 1903.

The Surveyors,

Cadiz.

Report No.

290

, on the

"Jose de Aramburu".

With reference to the depth of 23' 1 $\frac{1}{4}$ " given on your report, I shall be glad to know if this is the Spanish official measurement. If this is not the case, please state how you obtained these figures.

I do not exactly understand this question but I may state, that this 23' 1 $\frac{1}{4}$ " is the depth of vessel, taken from the top of round of beam,

W.W.

The Surveyor should be requested to state whether the depth is taken from the top of flume, or top of ceiling or bottom of keel.

This Query is to be answered and returned to the Secretary with the least possible delay.
