The Secretary,

LONDON. E. C.

Dear Sir.-

s:s: "OHIO"

The above vessel since she was constructed in December 1914 has been requisitioned by the French Government. She has recently been purchased by the Compagnie des Chargeurs Francais (Plisson & Cie), of Paris, and left Toulon on the 24th. inst. for Barry, where she has to be handed over to the above company by the French Marine free of requisition.

It is the intention of the present owners to have this vessel dry docked, thoroughly opened out, and in fact everything done to her according to your requirements for No. I Survey. They are anxious after she has been surveyed and everything put in order to your requirements to count her reclassification from the completion of this survey for a period of four years, which would make her next survey due in December. 1920.
