Built at Grand Quevilly
built 1914
Launched 1914

S.S. "O H I O".

This vessel, built in December 1914, has been under requisition by the French Government.

She has been recently purchased by the Compagnie des Chargeurs Francaise (Plisson & Cie.) of Paris and has left London for Barry, where she has to be handed over to the above Company by the French Marine free of requisition.

The present Owners propose to submit the vessel to S.S.No.1 at this time and to count the S.S.No.2 as coming due in four years' time from the completion of the present survey, say December 1920.

According to the Society's Rules the S.S.No.1 on this vessel becomes due in December 1918, and it may be commenced as early as December 1917. The S.S.No.3 can be held at any time

It is submitted the Owners' proposal is worthy of approval provided the subsequent Surveys S.S.No.2 and 1st.S.S.No.3 be taken as coming due in December 1920 and December 1924 respectively.
