STANT SHIP SURVEYOR:
A. CARTIER.The Secretary
London

Sir,

As stated in my letter of the first instant, I addressed a letter to the Chantiers de Normandie at Rouen upon that date requesting to be furnished with a letter stating that they undertook to acquaint any prospective buyer of the S.S. "Ohio" that a bulkhead had been suppressed.

My letter appears to have been forwarded to the Paris Central Office & I have today received a reply which I enclose herewith & from which it will be observed that the builders are also under the impression that the matter had been settled directly between yourselves & them.

I am, Sir,

Your obedient servant
G. Smaest
