## Lloyd's Register of Shipping,

61, rue de la Bourse,

Havre, 22<sup>nd</sup> March 1915The Secretary  
LondonSHIP SURVEYOR:  
M. G. BOYER.ENGINEER AND  
STANT SHIP SURVEYOR:  
A. CARTIER.

Sir,

I beg to confirm my wire of this date in reply to yours regarding the certificates of the steel wires supplied to the S.S. "Ohio" as follows - "Ohio wire certificates not yet received from builders."

With regard thereto, I beg to state that in compliance with our request for duplicates of the wire certificates which were forwarded to you with M. Cartier's letter of the 10<sup>th</sup> Feb., the builders have forwarded us only a number of makers certificates covering other wires on board this vessel. As I propose to visit the yard to-morrow, I hope to be able to ascertain exactly what is wanted, but I respectfully point out that, owing to the slowness of the ports between Havre - Rouen - Angers, there may be considerable delay in obtaining them.

I am, Sir,  
Your obedient servant  
G. Smaest
