No. 3004  
COPY.

Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.

24th February 1915.

Dear Sirs,

I duly received Mr. Cartier's letter of the 20th instant respecting the steamer "OHIO", and note that copies of the certificates and sketches will be forwarded in due course.

I have, however, to inform you that the letter from the Owners desiring the omission of the watertight bulkhead in No. 2 hold has not yet been received, and in these circumstances you should inform the Builders that the vessel cannot be classed until this comes to hand.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HAVRE.
