We beg to inform you that all the alterations to which we referred lately respecting the cargo steamers H3, I3 & K3 are now definite and we beg to send you three copies of the midship section No. 46 which is definite for these boats.

We beg you to be good enough to let us have one of these copies back provided with your approval, and we thank you in anticipation.

Yours &c.

P.S. We will send you next week the new plans of the general structure and pillars.
