47, QUAI DE LA FOSSE

Nantes, 9 May 1914

13th May 1914

The Secretary
London.

Sir,

I am forwarding this day under separate cover the First Entry report on the Machinery No. H³ built by the Chantiers de L'Atlantique, St. Nazaire, with a view to its being sent on to the Surveyors at Le Havre for completion. A pencilled cross has been left upon the form against each item that I am unable to fill in there.

It is possible that more of the Insuring may be tested at St. Nazaire, in which case I will notify the Havre Surveyors by letter. I shall be glad if you will inform me whether I shall be in order in crediting the Havre Office with $\frac{1}{3}$ of the Special fee, 1187 francs, for the Machinery being fitted on board at Rouen.
