2nd Special Survey No.3 due July, 1932.

The Owners write as follows, viz:-

We have to say that the "SILVER QUEEN" has been very little used for some considerable time past and it is doubtful whether she will be continued in class. The matter is under consideration and in the circumstances we would like to suggest that the survey be allowed to stand over provided a decision be made not later than the expiry of the year of grace".

Submitted for approval provided the vessel be generally examined and favourably reported upon at an early date.
