of the Steel Barge "SILVER QUEEN"

in Reg. Bk. 165/- tons, Built 1912 - 12 mo

LA/

Owners Anglo-American Oil Cold

(J. Hamilton Esq.)

Port of Registry Liverpool

Carrying petroleum
in bulk.

for purposes
4.25
No 3-3.20
No 1-23

2nd Special Survey No.2 due July, 1927.

Action in this case has been deferred by the Committee from time to time in view of the fact that the Owners had under consideration the question of re-engining the vessel.

The Owners state that they have now decided not to re-engine this vessel, and that specifications in connexion with the above Special Survey are being prepared, and they expect to be in a position to have this inspection held within the next fortnight, but that they will advise this Office further regarding this matter.

Submitted action to be deferred
