71, Fenchurch Street, E.C.

30th November, 1912.

Dear Sirs,

In reply to your letter of the 29th instant, respecting the certificate for the Oil Engine which has been built by you for the "SILVER QUEEN", I beg to inform you that I am not yet in a position to forward this document as no report has been received from the Society's Surveyors at Liverpool to the effect that the Engine has been satisfactorily fitted on board the vessel.

When the report comes to hand and all the fees, for which an account was rendered to you for the survey of the Engine on the 20th September last, have been paid, I shall have pleasure in forwarding the certificate in question.

I am, Dear Sirs,

Yours faithfully,

Messrs. Plenty & Son, Lim.,
Eagle Iron Works,
NEWBURY.

Secretary.
