21st September, 1915.

Dear Sirs,

I am in receipt of your letter of the 17th instant respecting the steam trawler "LORD ROBERTS" and in reply I have to say that in view of this vessel being still engaged on Government service the Committee who had the case before them at their meeting today are agreeable to the boiler survey and Special Survey No. 2 being postponed for the present. You will be so good as to inform the Owners accordingly.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
