29th January, 1920.

Sir,

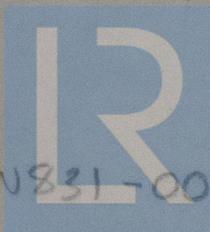

I think it well to enclose herewith a translation
letter which was addressed to your goodself on the
August last respecting the classification in this
Register Book of the steamer "LUCIANO MANARA".
In reply to the inquiry contained therein appears to have
been received, and as the steamer "GEROLAMO ULLOA", which
is fitted with similar tanks appears to be now
under the inspection of the Society's Surveyors at Trieste,
I should be exceedingly obliged if you will kindly favour
me with a reply at your earliest possible convenience.

I am, Dear Sir,

Yours faithfully,

Secretary.

Director,
Regio Navigazione Direzione Generale,
Ferrovie dello Stato,
ROME, Italy.
