

S.S. "LUCIANO MANARA"

This vessel is fitted with tanks for carrying
which are not in accordance with the practice
ety, and have not been approved by the Committee,
24th March, 1916, action was deferred in view
el being the property of the Italian Government.
The vessel has now been under Survey at Fiume
cial Survey No. 1, and the Surveyor reports
essel was adapted in 1915 to carry petroleum in
and had been examined and found satisfactory.
It is submitted that before the vessel receives
cial Survey
the Surveyor should be asked to state if oil
ried in these caissons, and as these have
proved by the Committee, he should be asked to
steps are being taken for their removal.
