Dear Sirs,

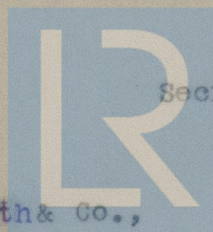

With reference to the classification in this Society's Register Book of the steamer "LODANER" and to the Special Survey No.3 which became due in May last year, I beg to remind you that the survey of the machinery and main boilers was carried out in October last but no part of the inspection in question has yet been held on the hull, also that the Donkey Boiler again became due for survey at the end of last month.

I shall therefore be obliged if you will kindly let me know when and at what port these matters will receive the necessary attention in order that the Society's Surveyors may be advised.

I am, Dear Sirs,

Yours faithfully,

Messrs. Watson Munro, Cornforth & Co.,
