FISH DOCK,
GRIMSBY, *Jan'y 25th 1905*

45. Lucy

This vessel has just been delivered
to us by Messrs Charles of Hull,
and we respectfully request your
permission to allow us to dispense
with the stops on the Rudder Shank;
from our long experience with this
class of vessel we know there is
great liability to fracture the
Rudder Shank with stops so fitted,
and we have found the stops
on deck quite sufficient for
the purpose, and they have
proved more safe and more
serviceable.

Shops on deck,
We shall be pleased to
hear from you in due course
that our request has been
accorded to

Yours truly
