10th February, 1903.

Dear Sir,

With reference to the classification in the Society's Register Book of your Steamer "MANCHESTER MARKET" I beg to acquaint you that the Committee have had before them today a report from the Society's Surveyors at Manchester of an examination made of this vessel on account of damage sustained to the port side in way of No.1 hatch through collision. It is reported that temporary repairs have been effected to enable the vessel to proceed on her voyage and it is recommended that permanent repairs should be carried out at the first favourable opportunity, and I shall be obliged if you will kindly let me know as soon as it is decided when and at what port this will be done.

I am, Dear Sir,

Yours faithfully,

pro Secretary.
