15th September, 1910.

Gentlemen,

M.

I have to acquaint you that it appears from a First Entry Report received from the Society's Surveyors at Hull that the new steam trawler "BEREIAN" will proceed to your port where the machinery is to be placed on board and the vessel completed.

In order to complete the survey the deck casings in way of the machinery space require to be completed after the Engines and Boilers are in place, and in the circumstances I have to request that you will be good enough to give the case the necessary attention and forward a report on form 8 when the survey has been completed.

I am, Gentlemen,

Your obedient servant,

The Surveyors,

GRIMSBY.

Secretary.
