

GLASGOW REPORT No. 56980

GLASGOW,

6th May, 1936.

THIS IS TO CERTIFY that I have surveyed, during construction, the Steel Single Screw Motor Vessel "SIMNIA", port of registry London, 6197 tons gross register, and that, when satisfactory steering and windlass trials have been carried out, I will transmit to the Committee of Lloyd's Register of Shipping, London, a report stating that the vessel has been completed to my satisfaction, and I will then recommend that she be classed + 100 A1 "Carrying Petroleum in Bulk", "Longitudinal Framing at Bottom and at Deck", in the Society's Register Book.
