Dear Sirs,

I am in receipt of your memorandum of the 7th instant, respecting the steamer "MARTHA", and, in reply, I have to say that, in the circumstances, the Committee have deferred action in this case subject to the Boiler Survey being carried out on the vessel's arrival in the Bristol Channel in the course of the next two or three weeks.

You will be so good as to inform the Owners' Superintendent accordingly.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
