Special Survey No. 3. due September 1917.

The usual preliminary notice in regard to this survey was sent to the Owner to which no reply was received.

In answer to inquiry the Owner wrote on the 13th of September that he would arrange to have the boiler survey held at Goole at the first opportunity and in the circumstances the Committee deferred action in the matter for a short time.

The Hull Surveyors now write they have been informed that the boiler survey will be held at Goole when the vessel is released from her present Charter by the Belgian Government.
