5th October, 1915.

Dear Sirs,

I was duly favoured with your letter of the 1st instant intimating that the outstanding surveys of the steamers "COREA" and "MOPSA" will be carried out after the Special Survey No.3 of the steamer "BURMA" has been held.

I note that the latter vessel was to be stopped at the end of last week for survey and I have to say that the Committee are agreeable to the above arrangement.

I am, Dear Sirs,

Yours faithfully,

Secretary.
