Screw shaft survey due April 1915.

Main boiler survey due April 1915.

At the beginning of July stated that in consequence of the requisition of their tonnage by the Government and the increased trade to France owing to the war they had experienced great difficulty with their service of steamers. They had one vessel undergoing her Special Survey No.3 and they proposed to deal with the above vessel as early as possible. In the circumstances the Committee deferred action in the matter for a time. In reply to further enquiry the Owners wrote their ss "BURMA" was to ^{be} ~~have been~~ stopped at the end of last week to complete her No.3 survey and when this has been done the Surveys that are due on the above vessel
