Port of Registry Grimsby

Survey due Screw shaft survey due June, 1913.

In July last the Committee agreed to this inspection being postponed for six months.

In reply to inquiry the Grimsby Surveyors stated on the 14th February that it was proposed to dock the vessel in two months' time, when the screw shaft would be examined. This arrangement was also approved by the Committee, subject to the survey being then held without fail.

On the 25th April the Grimsby Surveyors stated the Owners proposed docking the vessel in the early Summer, when the requisite inspection would take place, and the Committee also agreed to this arrangement.
