25th January, 1911.

Gentlemen,

I have to acquaint you that from a First Entry Report received from the Society's Surveyors at Hull it appears that the S.S. "HULL TRADER" recently built by Messrs. Cochrane & Sons is proceeding to Yarmouth where her machinery is to be fitted.

To complete the survey on the hull the top of the engine and boiler casings requires to be riveted up.

In the circumstances I shall be glad if you will give the case the necessary attention and on completion of the work forward a report on form 8 for the information of the Committee with a view to the classification of the vessel.

I am, Gentlemen,

Your obedient servant,

The Surveyors,

LONDON.

Secretary.
