Messrs the Surveyors to Lloyds Registry,

Dear Sirs, No 284 s/s "Killellan".

We have been requested by the owners to supply three Anchors to this vessel instead of two, as approved on the plans.

The Anchors as approved should be 36 cwts each, making a total of 72 cwts.

The owners proposal now is to supply two of 28 cwts each, and one of 25 cwts, making a total of 81 cwts.

We shall be glad to hear, if possible by return, that you can agree to this, in which case the owners will provide us with their official letter asking for this arrangement.

Trusting to hear favourably from you and thanking you in anticipation.

We are, dear Sirs,

Yours faithfully,

For the Company,

[Signature] General Manager.
