The Owners state this vessel is now on her way to
Marseilles and they had given instructions to their agent
there to do his utmost to secure a dry dock for the steamer
when discharged. Instructions have also been given to the
Captain to call in the Society Surveyor to examine the
bottom rudder, screw shaft and sea connections.

The Owners ask that the Marseilles Surveyor may be
advised accordingly and asked to pass as much of the survey
as can possibly be done without causing any delay to the
steamer.
