Boiler Survey due June 1915.

GOVERNMENT SERVICE.

This vessel is insured with the Hull Steam Trawlers Mutual
 Insurance & Protecting Co.Ld. and the Committee have agreed to
 the survey of the screw shaft being postponed until November
 next on the occasion of the Survey required by the rules of
 the above company.

The case received the consideration of the Committee in August
 when they deferred action as the vessel was employed by the
 Government and in reply to enquiry the Hull Surveyors write
 she is still similarly employed.

Submitted action be deferred
